GROWING RECREATIONAL BOATING ON THE DELAWARE RIVER

GET ON-BOARD WITH  
**National Marina Day**  
on the Delaware  
**June 8, 2013**

**National Marina Day on the Delaware** is a collaborative effort by marinas and yacht clubs all along the Delaware River to promote the boating lifestyle.

The day will feature a **boat parade** and a variety of land-based activities and on-water activities to showcase the many different ways you can enjoy recreational boating on the Delaware River.

Our river is the **only** specific body of water to participate in this national event... and we expect to gain significant exposure for the Delaware River from the entire boating industry!

### How to Get Your Marina Involved in National Marina Day on the Delaware:

- Promote and showcase your marina
- Hold a boat show to display new or used boats
- Represent your marina in the boat parade
- Hold an open house
- Host a picnic or BBQ
- Demonstrate fishing and/or boating skills
- Get creative about ways to introduce folks to your marina and the boating lifestyle!

“Command Posts” for the event will be at **Penn’s Landing Marina** and **Wiggins Park Marina**.

Participation is encouraged at all marinas and yacht clubs along the Delaware River.

**Sign-up your marina today for participation in the first annual National Marina Day on the Delaware!**

To get your yacht club involved, contact Dana Russikoff at 267-968-7532 or [dana.russikoff@sureshade.com](mailto:dana.russikoff@sureshade.com)
